PENSIONERS RESIDENT IN CANADA BEFORE WAR WILL ENJOY PAR RATE OF EXCHANGE ON NEXT PAYMENT

OTTAWA, Aug. 16.—(Canadian Press)—The benefit of rate of exchange to Imperial pensioners, resident in Canada ore the war, will be included in the next payment only to before the war, will be igcluded in the next payment only to those who have their declaration forms returned at once so that the necessary work may be completed, according to a state-ment issued longist by the board of pension commissioners. The board has circularized all Imperial pensioners in Canada who draw their payments through the officer paying Imperial pensions, giving particulars of the proofs required to estab-lish their claim. To secure the par rate on sterling payments the pensioner must submit evidence that he was resident in Canada at the outbreak of the war.

DMONTON of today is at the threshold of "Edmonton of Tomorrow." The present business stagnation is unnecessary and of course impermanent. On the contrary of t

A bumper crop is at hand. Business is re-viving. Money will soon be plentiful. And very quickly prosperity will again be the rule in Edmonton. Business men owe it to their home city to realize this.

But to this end a great deal of reconstruc-tion is necessary. Many businesses are para-lyzed for want of capital or better credit facilities. They need readjustment,

I am building up an institution which has or its purpose the reorganizing of businesses hat should prosper but are having difficul-ies—often very unjust difficulties.

But I need help—men capable of initiative, action and results. My business is alone in its field. The opportunities for useful work in the field of Organization are unlimited. I am offered daily more business than I can handle. And I can offer excellent opportunities to men of action with a little capital.

**** GGGGGGGGGGGGGGGG** COAL ANALYSIS

Relative Commercial Value of Coal taken from fourteen of the different mines in operation in Alberta, as shown by the Annual Report (Mines Branch), University of Alberta, 1919, also the value of the Blue Flame Coal Sample taken from Penitentiary Mine, and analyzed on July 11, 1921, as follows:

| Average 7 Mines, Edmonton | Molecure | Violatile | Technology | Tech

This analysis will show you that our Coal is in a class by itself, so far as Edmonton district roals are concerned. We show 4.88 less far as Edmonton district roals are concerned. We show 4.88 less Ash, and 1309 B.T.U. more heat per pound.
Comparing it with the Drumbeller coal, while we show a very small persentage more Moisture, we show, on the other hand, more Heat and less Ash; consequently, we believe that we have fully as good, or better, coal than the Drumbeller product.

Irish Situation Not Brightened By Hostile Attitude of De Valera In First Speech To Dail Eireann

London, August 16.—All soldiers on leave from Ireland in Aldershot and Farnborough have been ordered by telegraph to return to their regiments immediately. Belfast, August 16.—It is reported here that the military authorities in Ireland have cancelled all leave of absence for both officers and men, and that all officers and men who are away on holidays have been recalled. It is said this step was taken merely as a precaution against surprise, and has no other significance. Immediately on promulgation of the truce in Ireland numbers of soldiers were granted leave.

A Belfast despatch of Monday quotes the Irish News, the Nationalist organ, as claiming to have unquestionable authority for stating that the British government's preparations for a renewal of the conflict in Ireland consequent on the possible abrogation of the truce which has existed since July 11, had been speeded up within the past three days to such an extent that they were practically completed.

Boost THURSDAY

As a Market Shopping Day

FARMERS and PATRONS of the EDMONTON CITY MARKET --

HE CITY COUNCIL, in an effort to relieve the congested conditions that result each Saturday at the City Public Market owing to the large amount of business transacted on that day, are, at the suggestion of a number of farreers and city patrons, endeavoring to enourage THURSDAY as a MARKET SHOPPING DAY in order to relieve the week-and rush.
